

<p>ORGANIC MYRTLE-OLIVE OA</p> 	<p>82 % ORGANIC South Morocco</p>	<p>High protection of photo induced oxidative stress</p> <p>High concentration in anti-free radical phenols (>1500 ppm) High level of nutritive oleic acid (> 75 %) Source of emollient squalen and Co-Enzym Q10</p>	<p>Phenol titration Anti free radical in vitro test Skin availability ex vivo test Cellular test on oxidative stress protection</p>
<p>ORGANIC OPUNTIA OA</p> 	<p>80 % ORGANIC South Morocco</p>	<p>Protective and restoring action on mature skin</p> <p>Optimal balance omega 3,6,9 15/20/40 Skin restoring and moisturizing High level of antioxidants (phenols + vit E > 2500 ppm)</p>	<p>Phenol titration Anti free radical in vitro test Skin availability ex vivo test Moisturizing in vivo test</p>
<p>ORGANIC POMEGRANATE OA</p> 	<p>80 % ORGANIC South Morocco</p>	<p>Restoring and nutritive action on stratum corneum</p> <p>Rich in unsaturated waxes emollient and moisturizing (>75%) High level of flavonoids decreasing oxidative stress Phytosterols and terpenoids anti-inflammatory Hydrolipidic film nourishing</p>	<p>Phenol titration Anti free radical in vitro test Skin availability ex vivo test Skin barrier improvement in vivo test</p>

<p>ORGANIC EPILOBIUM OA</p> 	<p>100 % ORGANIC 100 % France</p>	<p>High anti-free radical and moisturizing power</p> <p>High level of vitamin E (> 1000 ppm) High level of polyphenols (tanins, phenolic acids) Very high oxidative stability</p>	<p>Phenol titration Anti free radical in vitro test Skin availability ex vivo test Moisturizing in vivo test</p>
<p>ORGANIC CINNAMON OA</p> 	<p>100 % ORGANIC</p>	<p>Protective and sensorial active for organic anti-ageing cosmetic</p> <p>High level of phenols and vit E Reduction of oxidative stress High level of omega 6 linoleic acid moisturizing</p>	<p>Phenol titration Anti free radical in vitro test Skin availability ex vivo test Skin barrier improvement in vivo test</p>
<p>ORGANIC PROPOLIS OA</p> 	<p>100 % ORGANIC 100 % France</p>	<p>Premium anti-ageing hyper active and hyper concentrated butter</p> <p>Very high level of unsaponifiable (> 50 %) : waxes, phytosterols, carotenoids High level of antioxidants : vit E, vit C, phenols, selenium, tocopherols High emollience and restoring property for mature skin</p>	<p>Phenol titration Anti free radical in vitro test Skin availability ex vivo test Cellular test on oxidative stress protection In vivo anti-wrinkle test</p>

Properties of the Oléoactifs

- Resulting from an exclusive oleo-eco-extraction patented technology
- 100% oily, homogeneous, clear, bright
- Non oxidized, very stable to oxidation, antioxidant in formulas
- Additive-free, preservative-free
- No contact with chemical product or catalyser
- Non-cytotoxic, non-phototoxic, non-irritant
- 100% natural, food grade, bio-certified, derived from non-GMO
- Packaged under nitrogen, optimal shelf life: 18 months
